# Compact A4 colour MFPs to increase your productivity

Top performance, outstanding reliability, high productivity … and exceptional value for money. That's what you get with the MP C401SP / MP C401SRSP Ricoh's compact A4 colour multifunctionals. But that's not all. You also get consistently high quality results, superior image quality and efficient finishing capabilities. Plus simple, intuitive operation, a low environmental impact, and a choice of two configurations.

The MP C401SP / MP C401SRSP are therefore the obvious choice for offices where productivity, workflow, quality and cost-efficiency are high on the priority list.

- Time-saving: fast printing at 40 cpm

- Affordable: reduction of total costs

- Easy to use: large operating panel

- Highly versatile: compact internal finisher

- Long-lasting: long duty cycle

# Unmatched performance with unrivalled ease of use

## Highly productive and durable

The incredible speed and performance of the MP C401SP / MP C401SRSP mean that you no longer have to wait for your printouts. After warming up, the first B/W print is available only 6.7 seconds later (colour in 8.3 seconds). These devices then zoom along at a busy 40 pages per minute. They are also exceptionally durable, built to withstand a long lifetime of heavy-duty use. Typical lifecycles are high, and the ARDF is solidly built for high reliability.

## Advanced functionality to improve your workflow

Save time looking for documents by using the Searchable PDF function. You can even search for a document via a single word that appears in the text. Save paper and time by copying both sides of an ID card onto one side of paper with ID Card Copy. Utilise XPS media print to print documents based on Microsoft's new XML format directly from a USB slot or PC – without a driver.

## Environmentally responsible

Overall energy consumption of the MP C401SP / MP C401SRSP is as low as possible to reduce environmental impact and your energy costs. Machines can spend up to 50% of their life in sleep mode, so power consumption during sleep mode has been cut to an all-time low. The power on/off setting further  optimises electricity consumption. These MFPs print in duplex mode by default to save paper indicators on the operating panel can show you how much paper you are saving.

## Easy to operate

The large 9 - inch display is familiar and easy to use. Another feature to improve userbility is external USB keyboard support which enables easier and smoother typing.
